It's all so simple to be with your soul being with the universe is the only goal

Don't complicate be in your heart and all will be given easy and smart

Here is my light the light of the universe I am the sun and you are the one

We bring the light the light of the universe come on and ride with me on the path of true family

Your every word and how you move your soul alignment will be your groove

Your body is a treasure the radio for heavens sound don't look around don't fight the fight just focus on your light

Here is my light the light of the universe I am the sun and you are the one

We bring the light the light of the universe come on and ride with me on the path of true family

It's all so simple to be with your soul being with the universe is the only goal

Get used to simplicity of every moment heavenly enjoy the space in all you are Du bist so wunderbar

Hier ist mein Licht light of the universe I am the sun and you are the one We bring the light the light of the universe come on and ride with me on the path of true family

Here is my light the light of the universe I am the sun and you are the one

We bring the light the light of the universe come on and ride with me on the path of true family
